If you're 19 or over you might be eligible for the Welsh Government Learning Grant Further Education. For more information go to www.studentfinancewales.co.uk/wglgfe

If you are a UK citizen who lives in Wales you should be eligible for EMA.

I'm not a UK citizen?

You may still be able to get EMA.

What if....

I'm already getting a different grant this year?

You **can't** get EMA if you are getting:

- The Welsh Government Learning Grant Further Education
- Funding from the Welsh Government for a work based learning programme.

What if....

I'm not financially dependent on my parents?

We'll need details of **your** income, and the income of your partner (if applicable).

Your parents will need to give details of their income as part of your application for EMA.

How much can I get?

You could get £30 a week, depending on your household income. We'll ask for details of this income when you fill out the form.

Annual household income	Number of dependants in household (other than you)	Weekly EMA entitlement
£0 – £20,817	0	£30
£20,818 – £23,077	0	£0
£0 – £23,077	1	£30

If your household income is £23,078 or more you won't be eligible for EMA.

What if I need someone to help manage my finances?

If you need the help of a third party we'll ask for details as part of your application. You'll need to send evidence that the person you've nominated is authorised to act or hold funds on your behalf.

What if my circumstances change?

You need to tell us straight away if any of your details change, for example:

- your household income
- your school or college
- your course
- your contact details
- your bank, building society or credit union details

If your circumstances change you should

call us: **0300 200 4050**

and we'll tell you what action you'll need to take.

Information for parents

To work out if your son or daughter is entitled to EMA we need to know your household income for tax year 2015-16. We've put together some questions and answers about providing your income details.

Whose income is taken into account?

We take into account the income of the following people the student normally lives with:

- parent(s)
- step-parent(s)
- guardian(s)
- mother's partner or father's partner

We don't take into account the income of adult brothers or sisters or of parents, step-parents or guardians who don't normally live with the student.

What kind of financial information will I need to give?

We'll ask for your National Insurance number and for your income details from tax year 2015-16. We'll confirm what you've given us with HM Revenue and Customs and may contact you to send evidence if we need it.

What if my income has dropped since tax year 2015-16?

You can tell us about this as part of your application, you'll need to send evidence to support this and the application will tell you what you need to send.

If my son/daughter gets EMA will it affect my benefits?

EMA will not affect any benefits currently paid to your household.

Can my son/daughter's EMA payments be paid to me?

EMA is awarded to the student so payments must be made into the student's bank, building society or credit union account. In some exceptional circumstances we would pay EMA into an authorised third party's account, before agreeing to this we'd need to see evidence that this person is authorised to hold funds on the student's behalf. The application form will have more information about this.

What does my son/daughter need to do?

They need to:

- send back the completed application form attaching all evidence needed;
- wait for an Award Letter to be received by post;
- sign their Learning Agreement with their school or college;
- follow their school or college's attendance rules;
- check their bank, building society or credit union account for EMA payments being made.

Key dates

- **June 2017** – To make sure your EMA application is assessed and ready for the start of term send your completed form back to us, with all the appropriate **original** evidence, by **June 2017**.
- **8 weeks after course start date** – To be considered for backdated payments you must apply **within 8 weeks** of the start of your course.
- **31 August 2018** – This is the final date that we can accept any information and evidence from you to be eligible for EMA in 2017/18.

Once you've filled out the form and sent it to us, we will assess your application and write to you to let you know if you are entitled to EMA.

How can I contact you?
